Internship

Web Development Intern

Sep 2023 - Nov 2023

Bharat Intern

- Developed a mini portfolio project during my internship at Bharat, utilizing HTML, CSS, and JavaScript to demonstrate proficiency in front-end web development.
- Enhanced skills in creating responsive layouts and interactive elements, contributing valuable experience to my career as a web developer.

Summer Training

Jun 2023 – Jul 2023

Board Infinity

- Worked on various mini projects including digital clock, ID card generator.
- Gained practical experience developing projects using JavaScript integrating various concepts and techniques.

Projects

LinkedIn Clone / HTML, CSS, JavaScript, Responsive Web Design

Nov 2023 - Dec 2023

- Developed a LinkedIn-inspired web application using HTML, CSS, and JavaScript, focusing on responsive design to ensure compatibility across various devices and screen sizes.
- Implemented features such as user profiles, connection management, and news feed updates, showcasing proficiency in front-end development and UI/UX design principles.
- Utilized JavaScript for interactive elements like real-time notifications and dynamic content loading, enhancing user engagement and usability.

Expense Tracker Application/ MERN

Feb 2024 - Apr 2024

- Developed a comprehensive expense tracker application using the MERN stack (MongoDB, Express.js, React, Node.js), leveraging full-stack capabilities for seamless data flow and real-time updates.
- Implemented key functionalities such as user authentication, expense categorization, and transaction management, demonstrating proficiency in both front-end (React) and back-end (Node.js, Express.js) development.
- Utilized MongoDB for data storage and Mongoose for schema modeling, ensuring efficient data handling and scalability as the application grows.
- Designed a responsive and intuitive user interface with React components and styled with CSS and Bootstrap, emphasizing usability and a modern aesthetic while adhering to responsive design principles.

Certificates

MicroLearning in JavaScript

Jun 23- Jul 2023

Board Infinity — <https://drive.google.com/file/d/1Ecgs8lyn3BCXKar6-zf5QkfPNNDmIZxb/view?usp=sharing>

Training Certificate in ReactJS

Jan 2024 – Feb 2024

Cipher School — <https://drive.google.com/file/d/1eObT1FCUof0ROe1wQlkdYF3ElwRFcWVG/view?usp=sharing>

Technical Skills

Languages C++, Java, JavaScript

Technologies/Frameworks: HTML, CSS, Bootstrap, React JS, Node JS, Git, GitHub

Database Management: MySQL, MongoDB

Skills: Data Structures and Algorithms, Problem-Solving, Responsive Web Design
